

## Get Involved

The **Florida Coalition to Prevent Underage Drinking** is seeking individuals and organizations **who support existing Florida law**, which requires alcohol importation, distribution and sale be made through licensed businesses in Florida that can be held accountable for violations of law. In recent years Internet sellers have been waging a campaign to deregulate alcohol sales and allow anonymous delivery of alcohol across state lines. By participating in the Coalition, you can **help ensure responsible alcohol access and prevent underage drinking in Florida**. If you are interested in helping our effort, please let us know:

**YES** – I/we support the efforts of the Florida Coalition to Prevent Underage Drinking to retain existing Florida law which requires alcohol importation, distribution and sale be made through licensed businesses in Florida that can be held accountable for violations of law.

Please indicate the level of support that you can provide by checking the appropriate box below. *(Please check all that apply.)*

- Please include my/our name(s) as a Coalition member(s).
- My name can be listed in published material as a member of the Coalition.
- I/we are willing to generate letters in support of this issue.
- I/we can assist in recruiting other individuals/organizations for the Coalition.
- I/we will use other means to get the word out regarding this issue —
